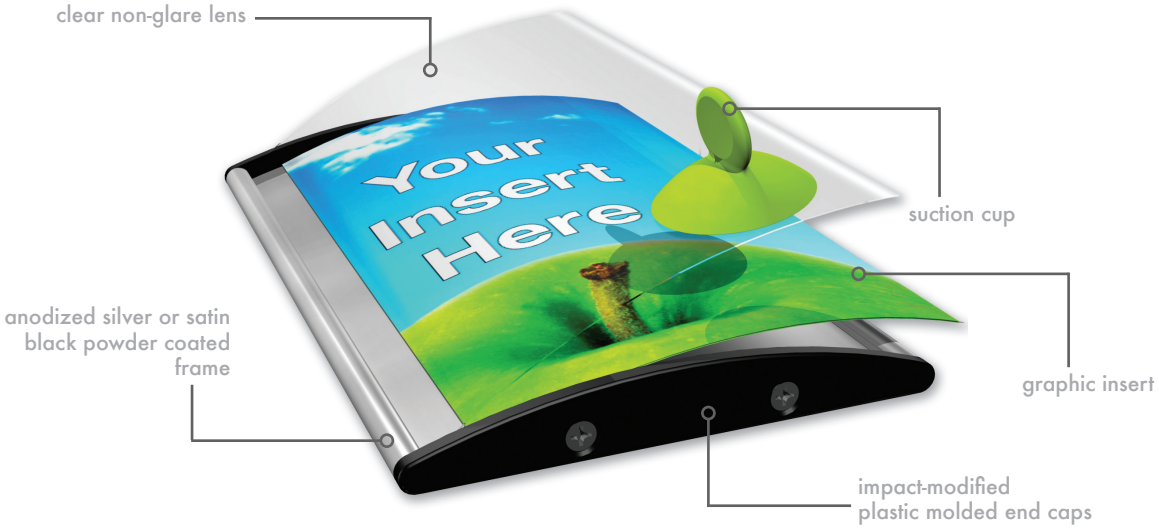
Stylish, Versatile & Affordable



SignPro Systems (SPS) recognizes a need for more efficient service and faster delivery at a better price, and you should expect no less from us. SPS is committed to providing affordable solutions and working hand in hand with your sign professional to make your project a success, in the fastest possible response time.

The Sign Makers' Handbook is your guide to a range of well-designed, user-friendly, versatile and highly cost-competitive sign solutions.

SPS frames can accommodate a multitude of sign substrates and fabrication methods, from printed paper inserts mounted with our protective lens, to laminated prints, cut vinyl, photopolymer, ADA faces, engraved plastics, metal and more. Your sign professional will help you find the material that's right for your project.

SPS frames are easy to install and update by simply removing one sign insert and replacing it with another. You don't even need to remove the frame from wherever it's mounted or suspended.

- high quality curved aluminum body available in anodized silver or powder-coated black finish
- your choice of black or grey impact-modified plastic end caps
- comes standard with clear non-glare lens, unless otherwise specified
- double-sided adhesive tape and holes for screw mount optional
- custom lengths available

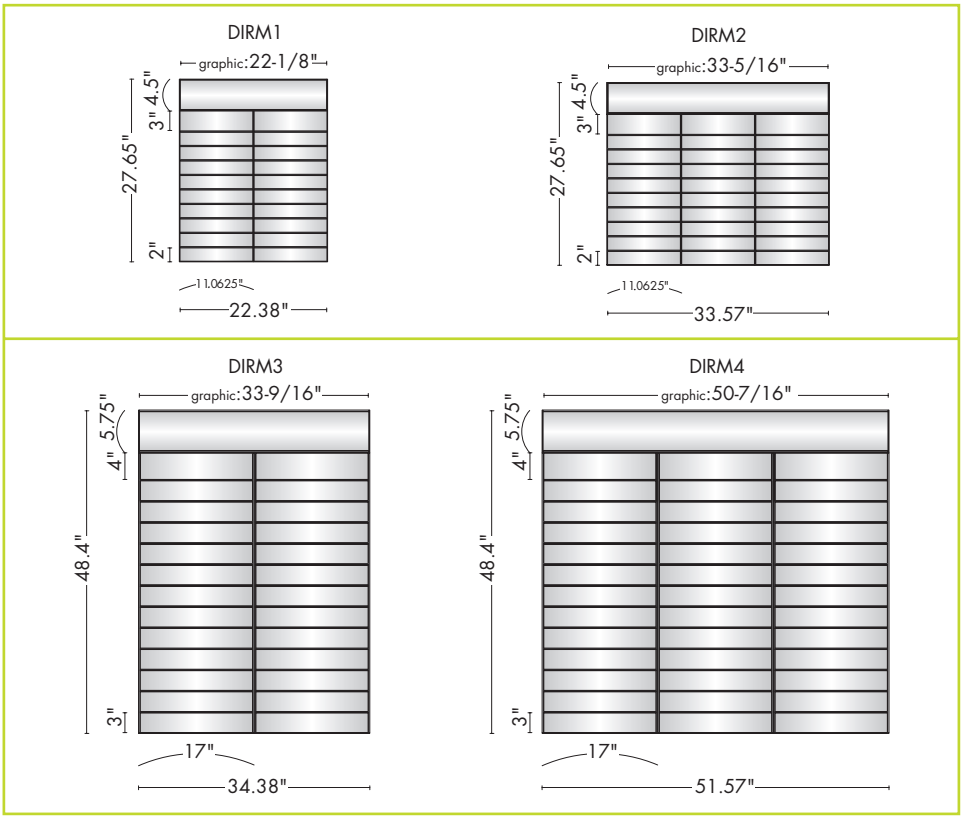
DIRM Series | Modular

Combine multiple vertical frames, accessorized with a top-to-bottom curve landscape header, for a custom directory look. Each of the vertical frames comes with black adhered dividing strips, allowing you to replace each insert individually. Your choice of black or grey end caps. Custom frame combinations and lengths are available.

All length measurements apply to the extrusion only and exclude the end caps.



DIRL Series | Landscape

left & right end caps

The DIRL line of directories consists of multiple top-to-bottom curve frames combined together and comes as a set of separate frames that mount to the wall individually, allowing you to add more frames to your display. Your choice of black or grey end caps. Custom frame combinations and lengths are available.

Snapper Stand

SNP-STAND

This attractive, stylish snap-open 11" x 17" frame is mounted on a silver aluminum stand to serve as a podium for any signage or display. Portrait or landscape presentation options provided. The angled aluminum snap frame allows quick and easy graphic changes. Requires light assembly.

snapping hardware allows for quick graphic changes

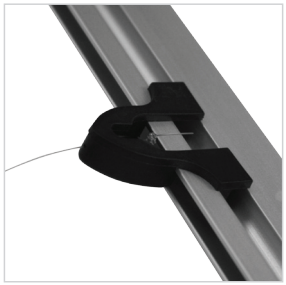
back bracket connects frame to stand for easy assembly

hardware allows for quick horizontal and vertical sign orientation adjustments

Poster Snapper

- adjustable hanging clips slide along the top rail to match desired spacing
- hanging clips feature both top opening for clear nylon line mount, and recessed pocket for S-hook suspension
- rails snap open and shut for quick graphic changes
- clean, simple, elegant look
- comes in 4 different standard widths: 24", 30", 36", 48"
- custom cut width available up to 60"

hanging options:



nylon line

S-hook

snap graphic rail
for easy change-out

Trappa Custom

TRP-CUSTOM

TRP-Custom offers a simple, elegant snap rail solution for your custom-sized needs. It combines two custom-length spring-loaded snap rails with a backer and a clear non-glare protective lens, allowing you to mount your custom sized print to a wall just by inserting the poster and snapping the edges shut. Rails, backer and lens are cut to size, depending on your graphic dimensions and desired rail length.

Observe Grand

OBG-B

- robust steel construction
- includes sturdy base & adjustable shelf
- graphic(s) conveniently slide in from the top
- graphic dimensions: 22"w x 28"h

use it with separate strips and turn it into an interchangeable directory board

Brute

BRUTE

recommended width: 1 Brute per 4' of signage

contoured base sits stable on uneven terrain

- use one to hold a smaller graphic, or as many as you need to hold a large graphic
- secure grip allows for use outdoors in the elements as well as inside
- quick set-up, easy storage
- fill with water or sand, 100% empties after use
- works with a variety of graphic substrates

Synergy

SYN-2-1

- double-sided aluminum a-frame
- snap edges for quick graphic changes
- silver anodized finish
- graphic dimensions: 22.75"w x 32.5"h (+ 1/4" bleed)

Apex

APEX

- double sided a-frame
- can be printed directly on the plastic for a smooth look
- indoor or outdoor use
- 24"w x 42"h (+ 2" bend on each side)

Wedge

WED-1-B

- simple to use sign clamp
- combine multiple units for longer and taller displays
- graphic size variable 24"w x 48"h max
- graphics not included

Whirlwind

WHRL-WND-1

- front-loading snap frames constructed from aluminum & powder-coated steel
- single or double sided
- includes clear lens cover
- quick & easy graphic changes
- dual-spring design flexes to withstand wind gusts
- compact durable base can be filled with water or sand for extra stability
- integrated wheel set
- graphic dimensions: 31.1"w x 45.7"h (+ bleed)

Rocket

RCKT

- 3 legs can be filled with water or sand
- single or double sided
- spring-loaded graphic support for 1/8" coroplast or similar substrate
- ideal for contour cut graphics
- graphic size may vary 24"w x 36"h max

Monsoon

MONSN-2

- semi-portable single or double sided billboard
- strong frame is quick & easy to assemble
- includes ground stakes & bungee rope
- banner & grommets not included
- visual graphic dimensions: 92"w x 33"h (please call for graphic template)
